

Feedback report of data collected by the students for their teacher

SESSION 2016-17

As previously mention the college received the data from the different sources. One of the sources which is important is feedback for teacher by their student for their teaching learning process. The students of different departments give feedback to their teacher at the end of each session. The department wise report as follows-

1) DEPARTMENT of COMMERCE – In this department the total inference from 4.36 to 4.70 the highest inference is received by Dr.Shantanu Paul which is 4.70. He received the highest inference in speak clearly parameter 4.85 the lowest inference Is received by Mrs.Ankita chandrakar 4.36.she got low inference in punctually and teaching through ppt 4.20 she is good in unit cover, knowledge of subject, and presentation skill. In these parameters she received 4.50 Mr.Rakesh manchanda received the total inference of 4.57. his highest inference receiving parameter is arousal of interest in the subject 4.67 and lowest is teaching through ppt 4.42. Mr.R. k. Yadav, total inference is 4.59 his highest parameter is punctuality and knowledge of subject .Dr. Archna Shrivastva highest inference received parameters unit cover where as lowest is control in classroom Mr Urinder overall inference is 4.56,4.59,4.60 respectively. Their low parameter is presentation skill and control of classroom. For Rajkumar Ghambhir and Reema Verma It is Teaching through ppt and Mr.Mukesh Bhangla, Miss Aprajita Mishra and is good in regularity and unit cover. Over all all the faculties are found good with their references.

DEPARTMENT OF SCIENCE- In this department the total inference for teacher ranges between 3.55 to 3.68 which is average. Ms.Barkha

Pt. HARISHANKAR SHUKLA MEMORIAL COLLEGE, RAIPUR

FEEDBACK CELL REPORT YEAR 2017-18

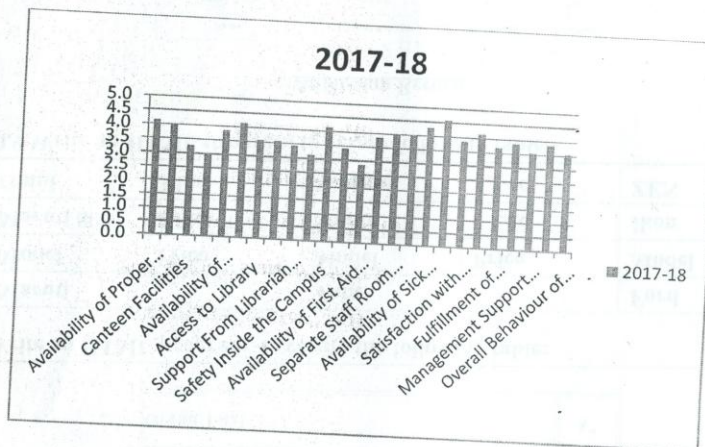

The Parameter wise description of feedback received from students and teacher described in detail below-

1) **Feedback report from the teachers about the college:-**

The college is having six streams Commerce's, Education, Physical Education, Management, Computer Science and Science

The college received feedback from the teacher of these department in 25 parameters and the scoring is based on 5 point scale which flows from poor(1) to excellent(5).

After compiling the total inference of each department the overall inference is found which provides the feedback.

In this year the highest inference is observed in the parameter number are 25 which are 4.12. the parameter is for the overall behaviour of principal .In this parameter, the highest inference is observed in education department which is 4.67 on the opposite of parameter 25 the parameter number 3 received the lowest inference which is 3.69.this parameter is for Canteen Facilities.

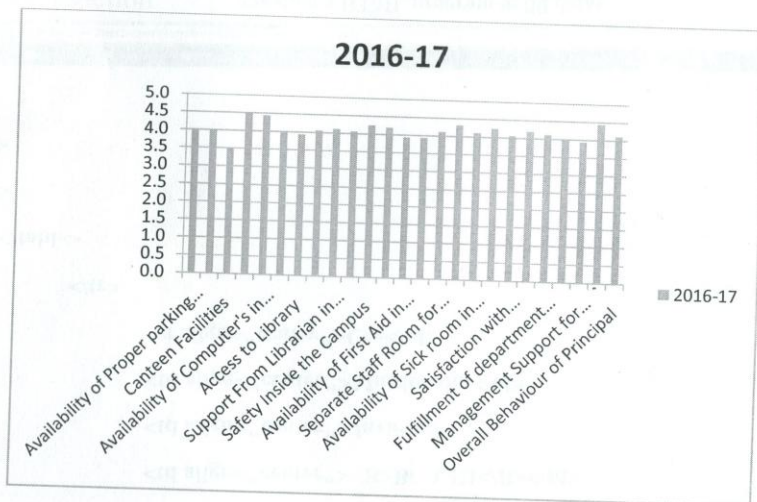

FEEDBACK CELL REPORT YEAR 2016-17

The Parameter wise description of feedback received from students and teacher described in detail below-

1) Feedback report from teachers about the college

The college is having six streams Commerce's, Education, Physical Education, Management, Computer Science and Science The college received feedback from the teacher of this department in 25 parameters and the scoring is based on 5 point scale which flows from poor(1) to excellent(5).

After compiling the total inference of each department the overall inference is found which provides the feedback.

In this year the highest inference is observed in the parameter number are 25 which are 4.1. the parameter is for the overall behaviour of principal .In this parameter, the highest inference is observed in science department which is 4.6 on the opposite of parameter 25 the parameter number 3 received the lowest inference which is 3.69.this parameter is for Toilet cleanliness.
